^{*} If you are applying for multiple facilities, you must call 1-888-339-PTRK(7875)

Why do we need this information?

EPA needs background information on your facility to evaluate your application.

What do you need to do?

- Provide background information on your facility.
- Identify your environmental requirements.

Section	A
Tell us about your facility.	

7										_
_	What	do	vou	do	or	make	at	vour	facility	?

We are a plastics compounder involved with the manufacturing of various filled polypropylene and high density polyethylene materials.

- 2 List the North American Industrial Classification System (NAICS) codes that you use to classify business at your facility.
- 3 Does your company meet the Small Business Administration definition of a small business for your sector?
- 4 How many employees (full-time equivalents) currently work at your facility? If you checked "Yes" in question 3 and have fewer than 50 employees at your facility, then you are considered a "small facility" by the Performance Track Program.
- 5 Complete the Environmental Requirements Checklist on pages 32-38 of the instructions and enclose it with your application.

- NAICS 325991 _____
- ☐ Yes ☐ No
- 50-99
- 100-499
- ☐ 500-1,000
- ☐ More than 1,000

Section A, continued

Optional: Is there anything else you would like to tell us about your facility? Do you participate in other voluntary programs at the local, tribal, State, or Federal level? The Spartech Polycom facility in Lockport, NY was largely designed to provide plastic material via a Dense Phase material transport system and a pipeline connecting our silos to our customer's silos. The plant annually produces around 50 million pounds of material, largely to the automotive industry. The plant was awarded the 1993 General Motors Supplier of the Year Award, and the 2001 The Society of the Plastics Industry (SPI) Distinguished Safety Award. Our parent company (Spartech), in 2002, was awarded with a Large Business Honorable Mention Award as part of the EPA's Wastewise program. The plant also maintains accreditation to the ISO 9001, QS-9000, ISO 14001, and ISO 17025 standards.

Why do we need this information?

Facilities need to have an operating Environmental Management System (EMS) that meets certain requirements.

What do you need to do?

- Confirm that your EMS meets the Performance Track requirements.
- Tell us if you have completed a self-assessment or have had a third-party assessment of your EMS.

Read the EMS requirements on page 9-12 of instructions. Tell us if your EMS meets these requirements for:

1	Environmental policy ————————————————————————————————————	<u> X Yes</u>	⊥∐ NO	
2	Planning	⊠ Yes	□ No	
3	Implementing and operation ————————————————————————————————————	⊠ Yes	_□ No	
4	Checking and corrective action	⊠ Yes	_□ No	
5	Management review —————	⊠ Yes	No	
6	Have you done a comprehensive review of all activities conducted at your facility that could impact the environment? (i.e., have you done an aspect analysis?)	⊠ Yes	□ No	
7	Have you classified your aspects based on their potential harm to the environment, on community concerns, and/or on other objective factors? (i.e., have you determined your significant aspects?)	⊠ Yes	□ No	
8	When did you last update your aspect analysis? (mo/yr)	04/03		
9	Have you completed at least one EMS cycle (plan-do-check-act)?	⊠ Yes	□ No	
10	Did this cycle include both an EMS and a compliance audit?	⊠ Yes	□ No	
11	Have you completed an objective self- assessment or third-party assessment of your EMS?	⊠ Yes	□ No	
	If yes, what method of EMS assessment did you use?			
		Self-asse	essment	Third-party assessment
		☐ GEMI		
			•	Other
		Other	Internal Auditing	

Why do we need this information?

Facilities need to show that they are committed to improving their environmental performance. This means that you can describe past achievements and will make future commitments.

What do you need to do?

Refer to the Environmental Performance Table in the instructions to answer questions 1 and 2.

Part 1 You must report past achievements for at least two environmental aspects, and you must choose these aspects from the Environmental Performance Table on pages 29-31 of the instructions. Please quantify each of your aspects using the units listed for that aspect in the Environmental PTrack Information Hotline at 1-888-339-PTRK.

Note to small facilities: If you are a small facility, you must report past achievements for only one environmental aspect.

First achievement

1 What aspect have you selected from the Table on page 29-31?	Total Energy Use			
What units are you using to quantify this aspect? (See Table, page 29-31.)	KwH			
	PAST	CURRENT		
3 List the past annual quantity of the aspect (from two years ago) and the current annual quantity of the aspect (from the most recent year for which you have data).	9,559,800	6,798,600		
4 What are the years for which you are reporting these quantities?	2000	2002		
5 Estimate your past normalizing factor (Page 18 of the Instructions will help you calculate this.)	1.0	1.0		
6 What is your normalizing factor based on (e.g., production, employment)?	Production			
7 You reported an improvement in the quantity of the aspect in Question 3. How did you achieve this improvement?	Purchased high-efficient motors; Increased our compressor efficiency			

Section C, continued

Second achievement

1	What aspect have you selected from the Table on page 29-31?		
2	What units are you using to quantify this aspect? (See Table, page 29-31.)		
		PAST	CURRENT
3	List the past annual quantity of the aspect (from two years ago) and the current annual quantity of the aspect (from the most recent year for which you have data).		
4	What are the years for which you are reporting these quantities?		
5	Estimate your past normalizing factor (Page 18 of the Instructions will help you calculate this.)		1.0
6	What is your normalizing factor based on (e.g., production, employment)?		
7	You reported an improvement in the quantity of the aspect in Question 3. How did you achieve this improvement?		

Part 2 You must make future commitments for at least four environmental aspects, and you must choose these aspects from the Environmental Performance Table on pages 29-31 of the Instructions. The aspects you select for your future commitments should be related to the objectives and targets in your EMS. Where possible, they also should be identified as having a significant environmental impact in your EMS. No more than two of your aspects can be from the same environmental category. If you're not sure how your objectives and targets fit into our aspects or whether your aspects are significant, call the PTrack Information Hotline at 1-888-339-PTRK.

Once you have chosen your four environmental aspects, then fill in all the necessary information for these aspects in the tables on pages 7-10 of this form. Please quantify each of your aspects using the units listed for that aspect in the Environmental Performance Table. Each table that you must fill in corresponds to one of the environmental aspects you have chosen.

We will assume that your performance commitments are based on a constant production or employment level. If you would like to base your commitment on changing production or employment, please fill out optional questions 6a and 6b.

Note to small facilities: If you are a small facility, you must report future commitments for only two environmental aspects.

Section C, continued

First commitment

1	What aspect have you selected from the Table on pages 29-31?	Recycled/Reused Materials Use		
2	What units are you using to quantify this aspect?	lbs		
<i>3a</i>	Is this aspect considered significant in your EMS?	⊠ Yes □ No		
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.			
		CURRENT	FUTURE	
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	988,000	1,086,800	
5	What are the years for which you are reporting these quantities?	2002	2005	
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0		
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?			
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	Install a grinding line to grind so back into the process; Purchas and post-consumer scrap	crap parts and use this material e and use more post-industrial	
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes ☒ No		
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.			

Section C, continued

Second commitment

1	What aspect have you selected from the Table on pages 29-31?	Total Solid Waste		
2	What units are you using to quantify this aspect?	Tons		
<i>3a</i>	Is this aspect considered significant in your EMS?	⊠ Yes □ No		
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.			
		CURRENT	FUTURE	
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.	270	256	
5	What are the years for which you are reporting these quantities?	2002	2005	
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)	1.0		
<i>6b</i>	(Optional) What is your normalizing factor based on (e.g., production, employment)?			
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?	Reduce spent packaging through	gh reuse and recycling	
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes ⊠ No		
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.			

Section C, continued

Third commitment

1	What aspect have you selected from the Table on pages 29-31?			
2	What units are you using to quantify this aspect?			
<i>3a</i>	Is this aspect considered significant in your EMS?	☐ Yes	□No	
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.			
			CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.			
5	What are the years for which you are reporting these quantities?			
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)		1.0	
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?			
	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?			
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes	□No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.			

Section C, continued

Fourth commitment

1	What aspect have you selected from the Table on pages 29-31?			
2	What units are you using to quantify this aspect?			
<i>3a</i>	Is this aspect considered significant in your EMS?	☐ Yes	□ No	
<i>3b</i>	If no, please explain why you believe this aspect should be included as a performance commitment.			
			CURRENT	FUTURE
4	List the current annual quantity of the aspect and the annual quantity you are committing to achieve by the end of the third year of your participation in Performance Track.			
5	What are the years for which you are reporting these quantities?			
6a	(Optional) What is your future normalizing factor. (Page 21 of the Instructions will help you calculate this.)		1.0	
6b	(Optional) What is your normalizing factor based on (e.g., production, employment)?			
7	You committed to an improvement in the quantity of this aspect in Question 4. How do you plan to achieve this improvement?			
8a	Are you subject to Federal, State, tribal, or local regulatory requirements for this aspect?	☐ Yes	□No	
8b	If yes, please list those requirements, including the quantitative limits and compliance deadlines that apply to you. Explain how your commitment exceeds requirements.			

Why do we need this information?

Facilities need to demonstrate their commitment to public outreach and performance reporting. You should have appropriate mechanisms in place to identify community concerns, to communicate with the public, and to provide information on your environmental performance.

What do you need to do?

- Describe your approach to public outreach.
- List three references who are familiar with your facility.

$Section\ D$ Tell us about your public

outreach and reporting.

1	How do you identify and respond to community concerns?	Public nuisance complaints for noise, water waste or air emissions will be responded to and resolved immediately by the Plant Manager. The Plant Manager has also been designated as the plant's Emergency Response Coordinator which entitles him to correspondence with regulatory officials and emergency response officials.
2	How do you inform community members of important matters that affect them?	Designated company representatives communicate with local interest groups and the community. Some examples of local interest group involvement include the following: local Explorer Post; Niagara USA Chamber of Commerce; member of the NY State Conservation Council; member of the NY State Sheriff's Association; The United Way via a donation; sponsor of the Wilson Community Enhancement Charity Halloween Extravaganza.
3	How will you make the Performance Track Annual Performance Report available to the public?	
rei	r enormance report available to the public:	☐ Newspaper
		☐ Open Houses
		Other

Section D, continued

4 Are	e there any ongoing citizen suits against your facility?	☐ Yes	⊠ No
If y	ves, describe briefly in the right-hand column.		

5 List references below

	Organization	Name	Phone number
Representative of a Community/ Citizen Group	South Lockport Fire Department	Assistant Firechief, Larry Sparks	716-434-4944
State/tribal/local regulator	Lockport IDA	Lewis Staley	716-439-9535
	NYSDEC Regional Office	Thomas Johnson, Air Resources

	Section	
On behalf of Spartech Polycom [my facility].		
iny raciity,	Application and	
I certify that	Participation Statement.	

I have read and agree to the terms and conditions for Application and Participation in the National Environmental Performance Track, as specified in the *National Environmental Performance Track Program Guide* and in the *Application Instructions*:

- I have personally examined and am familiar with the information contained in this Application, including the
 Environmental Requirements Checklist. The information contained in this Application is, to the best of my
 knowledge and based on reasonable inquiry, true, accurate, and complete, and I have no reason to believe the
 facility would not meet all program requirements;
- My facility has an environmental management system (EMS), as defined in the Performance Track EMS
 requirements, including systems to maintain compliance with all applicable Federal, State, tribal, and local
 environmental requirements in place at the facility, and the EMS will be maintained for the duration of the
 facility's participation in the program;
- My facility has conducted an objective assessment of its compliance with all Federal, State, tribal, and local
 environmental requirements, and the facility has corrected all identified instances of potential or actual
 noncompliance;
- Based on the foregoing compliance assessment and subsequent corrective actions (if any were necessary), my
 facility is, to the best of my knowledge and based on reasonable inquiry, currently in compliance with applicable
 Federal, State, tribal, and local environmental requirements.

I agree that EPA's decision whether to accept participants into or remove them from the National Environmental Performance Track is wholly discretionary, and I waive any right that may exist under any law to challenge EPA's acceptance or removal decision.

I am the senior facility manager and fully authorized to execute this statement on behalf of the corporation or other legal entity whose facility is applying to this program.

Signature/Date

Environmental Requirements Checklist

Use the Environmental Requirements Checklist to answer Question 5 in Section A, Tell us about your facility. This Checklist will help you identify the major Federal, State, tribal, and local environmental requirements that apply at your facility, but it is not an exhaustive list of all environmental requirements that may be applicable at your facility.

Fill in your facility information below and enclose the completed Checklist with your application.

Air Pollution Regulations

Check	all tha	at apply
\boxtimes	1.	National Emission Standards for Hazardous Air Pollutants (40 CFR 61)

The National Environmental Performance Track is a U.S. Environmental Protection Agency program. Please direct inquiries to 1-888-339-PTRK (7875) or e-mail ptrack@indecon.com.

To submit your application:

1) E-mail the completed application to ptrack@indecon.com,

and

2) Fax the completed an signed Section E (**not** the entire application) to (617) 354-0463.

If you cannot e-mail the application, mail a hard copy of the entire completed application to:

The Performance Track Information Center c/o Industrial Economics Incorporated 2067 Massachusetts Avenue Cambridge, MA 02140

Paperwork Reduction Act Notice

The public reporting and recordkeeping burden for this collection of information is estimated to average 40 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.
